All the issues from the feedbacks so far that have not been fixed

- Red and green text on sign up page is hard to read - From team DeepCourse week 8
    - We created a temporary box that shows the text with better contrast…..we might change it
    - Expected date for fix: May 3rd.

- Add instructions on how to install prerequisites - From team Two Seniors week 11
    - We need to update the documentation for installing the prerequisites.
    - Expected date for fix: May 14th.

- Guest mode file uploads broken as a result of implementing userIDs in audio files
- Audio bars at the very end of the visualization don't disappear
